Skywave Linux: KiwiSDR India Mediumwave List

Written and curated by Webmaster - Developer Philip Collier

```
KiwiSDR Locations (Click for Stations)

Mumbai, MH, IN
New Delhi, NCT, IN
Ahmedabad, GJ, IN
Bengaluru, KA, IN
Coimbatore, TN, IN
Siliguri, WB, IN
Dimapur, NL, IN
```

Use this list of cities in India to quickly open a browser tab with the KiwiSDR site from which you want to listen. If signals are weak or noisy, try another station or switch to a different SDR server if another one is available. You can tune around and find more stations on any of the SDRs. They not only receive AM / mediumwave, but work fabulously on shortwave too.

Visit the Skywavelinux SDR Map to find other receiving stations in your geographic area of interest. I have also set up lists for KiwiSDR Canada, KiwiSDR Australia and New Zealand, and Global Mediumwave WebSDRs for all who enjoy the news, music, and lively cultural programs around our world.

How to use:

1. Select a station by clicking the appropriate button.
2. Click on a receiver location to open an SDR tab in your browser.
3. Each click on any receiver opens a new tab, so you can listen from more than one location.
4. This list of KiwiSDR receivers updates every six hours.
5. Click to download this SDRs for India List [PDF].

KiwiSDR: 21st Century Radio for the People
A listener's handbook by and for KiwiSDR enthusiasts.

AIR Kolkata 1008		

Please be a fair listener on these radio servers. Avoid excessive time or opening multiple SDR tabs from the same site at once, as site operators detect and block **users** or **frequencies** who draw excessive bandwidth.
