[Sao Paulo, Brasil](#)

[Boston - New York - Washigton DC Regions, USA](#)

[Chicago, Illinois, USA](#)

[Orlando, Florida, USA](#)

[Southern California, USA](#)

[Northern California, USA](#)

[Corrine, Utah, USA](#)

[Eastern Texas, USA](#)

Use the list below to quickly open a browser tab, streaming your favorite station from a WebSDR or KiwiSDR receiver. If signals are weak or noisy, try another station or switch to a different SDR location. You can tune around and find more stations on any of the SDRs. They not only receive AM / mediumwave, but work fabulously on shortwave too.

Visit the [Skywavelinux SDR Map](#) to find other receiving stations in your geographic area of interest. I have also set up lists for [Canadian Mediumwave on KiwiSDR](#) and [Australia - New Zealand Mediumwave on KiwiSDR](#) for all who enjoy the news, music, and lively cultural programs each place offers.

How to use:

1. Select a station by clicking the appropriate button.
 2. After page reloads, click on a receiver location to open an SDR tab in your browser.
 3. Each click on any receiver opens a new tab, so you can listen from more than one location.
 4. Click to download this [WebSDR Mediumwave List \[PDF\]](#).

Reception range is limited during local daylight hours due to ionospheric absorption; nighttime range is very long - at least hundreds and sometimes a thousand kilometers or more. WebSDRs can

accommodate plenty of users and site operators typically do not limit your time on the server. Have fun and enjoy the ease of AM / mediumwave listening by WebSDR!
